Hon'ble Chairman's Message

Shri. Mahendra Aggarwal
Chairman SDGI

We are hopeful that Sunder Deep Group of Institutions will transform the students into enlightened and dynamic young professionals ready to face the challenges of Society and Industry and add to the growth and prosperity of the nation.

Society has achieved its first goal with the help of its well wishers and members and is indebted to senior authorities in administration, police, revenue and other departments of the district for their help and

support.

I am sure that all Colleges under Sunderdeep Educational Society will grow exponentially in quality and size and will prove their worthiness by meeting the expectations of aspiring students and parents.

May God bless our students to achieve professional eminence in their fields of education and make our members fulfill their dreams of centers of Excellence in professional education.

Message from Hon'ble Vice Chairman

Sunder Deep Group of Institutions embarked its journey towards field of Technical education spurred by a search in the demand for quality engineers who were expected to shape the destiny of contemporary India, homogenize the country's interest and usher in a new millennium with new promises. Now when we have 14 different courses at our campus, I feel privileged to be a part of the India 2020 vision of providing quality education through our Sunder Deep Group of Institutions in Ghaziabad.

"Education is the manifestation of the perfection in man." This is the way how education was defined by Swami Vivekanand. In keeping with the same philosophy, we at SDGI strive to inspire students in this direction. At SDGI, we give students the best of facilities backed by adequate infrastructure and operational ambience like state-of-the-art laboratories, highly experienced faculty and other learning resources. Success comes to those who work hard but stays with those who do not rest on the laurels of the past. I personally look forward to integrate my experience over the years in industry and research into the learning system.

Message from Hon'ble Chairman (Academics)

With a well equipped state-of-the-art physical and academic infrastructure, Sunder Deep Group of Institutions focuses not only on world-class education but provides inputs to groom students as value-driven human beings, competent professionals and future leaders. Our mission is to produce holistic world citizens capable of delivering excellence in the competitive global scenario. Apart from imparting knowledge, understanding, skills, and critical thinking, we groom them as architects of future India. SDGI has redefined professional education by constantly bringing paradigm shift in its pedagogical practices with a focus on student-centric approach; embracing Innovations in study programs; imparting add on skills beyond curriculum with an eye on imparting skills and industry relevance; involvement of students in project-based learning etc, which ensure to bring out full potential of students and empower them with a competitive attitude. The institute has established effective industry connect with a provision for industry semesters, and academic and research collaborations with organizations of repute.

No surprises, SDGI has emerged as a preferred destination for companies to hire quality students. WIPRO, Capgemini, Infosys, TCS, Cognizent, ebixCash. and many other MNCs are regular visitors to the campus for hiring quality students. I am proud that today SDGI stands tall as a proud alma mater to over 10000+ alumni proving their mettle across the world in global giants like Capgemini, Accenture, Samsung, TCS, Infosys, WIPRO, etc. It has been identified by Revature as its Centre of Excellence for its hire, train and deploy model and Early Engagement Project (EEP).

I am confident that our talented pool of teachers can make students dream and, given their competency and commitment, are capable of helping them realize these.

From Editor's Desk

Prof. (Dr.) Bindu Sharma
Director, SDCMT,
(Chief Editor)

It is my immense pleasure to bring out the first issue of the biannual newsletter of SDCMT "UTTHAAN". New batch has joined recently and we welcome them at our SDGI family. We appreciate that they have come with lots of expectations and dreams and brought with them varied talent. We welcome them and wish them all the luck for their future endeavors. It is a challenge for our faculty members to reinvent and innovate themselves to help students sharpen their skills and realize their dreams. The College is proud of launching Centre For Personality Development and Soft skill and Centre of excellence for Employability Skills". It has kindled a spark of hope and optimism. It is expected to equip our students with soft skills providing them an edge in the employability market. The onset of new academic year has also brought along new opportunities and challenges. Department is fully geared to avail these opportunities and face these challenges by planning innovative academic and co-curricular activities. SDCMT is moving ahead as its strong, fast and capable enough to achieve new targets. I wish all luck to this new start.

Message from HOD Commerce Department

Dr. Urvashi Chaudhary

Department : B.Com

Designation: Associate Professor & HOD, B.Com

The Department of Commerce has recorded consistent improvement in its academic, research and placement performance. It offers a range of innovatively designed value added programs according to NEP to meet the changing requirement of the industry and to meet the needs of major stakeholders.

Our goal is to impart value based education along with the development of positive attitude, better communication skills and abilities through Training programs, Club Activities, Cultural & Sports Activities and proficiency of preparing business plan, raising of funds, becoming entrepreneur to apply knowledge in order to meet the challenges of future.

We believe that our students have been well accepted in their job profiles and have consistently exceeded expectations of the corporate world.

During study at the department, the students are encouraged to get hands-on experience in the corporate world through internship projects with reputed organizations. In their curriculum, they are encouraged to take up projects to supplement theoretical knowledge with practical experience. They also undertake projects benefiting local industries or dealing with local problems. These projects enable them to understand the relevance of working in a group and also help them to realize the finer aspects and importance of teamwork.

With all these inputs, one finds our students' hard work, focused on practical and efficient in any work environment. We have designed our value-added curriculum in a way that balances professional knowledge with personal skills.

The curriculum is taught by a distinguished faculty combining academic excellence and real-life experience with dedication and commitment.

We are encouraged to see many industries coming back to our department, which reinforces our belief in the effectiveness of our curriculum and its suitability to meet the dynamic corporate world.

Message from HOD BBA Department

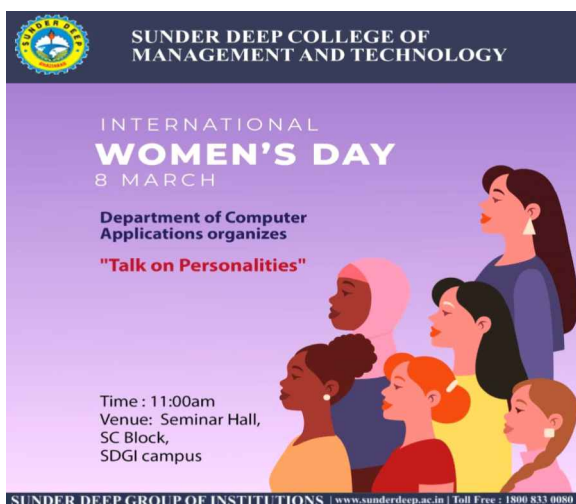

Dr. Neetika
Department : BBA
Designation: Associate Professor & HOD, BBA

The Department of Business Management, SDCMT believes in three-levels of program, first, make a conducive class environment, second, the dissemination of knowledge and third, the application of knowledge. In addition to regular classroom training, we offer the management training through innovative ideas such as case study sessions, internship programs, research programs, and value-added programs, including industry presentations. We are proud of our pool of faculty members, who are the true torch-bearers of our Department. We believe that management education is incomplete only through the teaching of textbooks. The innovative teaching methodologies adopted by faculty members offer students with an in-depth knowledge of modern management. It enables them to utilize advanced management concepts and prepare for key decision-making. Since its inception, the Department has placed a strong emphasis on the application of management knowledge through the organization of case study competitions, sending students to different business events and organizing business games. We offer special grooming sessions for candidates for employment and higher education. We organize on-campus placements for interested students and also encourage students to become future entrepreneurs.
