Message from CHAIRMAN , SDGI

Sunder Deep Group of Institutions (SDGI) has a mission to ignite young minds and empower lives. SDGI today has emerged as one of the leading educational conglomerates in NCR region. It fills me and my team with an overwhelming sense of joy and pride to see thousands of students pursuing higher education in SDGI and emerging as successful and responsible global citizen. Across our 8 Institutions-each one is center of excellence in its own place. We offer a wide spectrum of under graduate and post graduate programs ranging from Engineering and Technology, Computer Application to Pharmacy, Hospitality, Business Administration, Law and Hotel Management with only one objective in mind i.e. to address collectively the educational void across all strata of the society and be an integral part of the India 2020 vision. Our upcoming objective is to setup a learning temple of Dental and Medical Science, B.A.F.D. and other short duration courses. At SDGI, we constantly strive to create an effective academic platform which can drive social, cultural, scientific, economic and technological reforms in a nation. The end state vision is to come up as a global interface through promoting exchange of knowledge beyond national boundaries. It is my firm belief that SDGI will continue in this competitive vein, and I wish all of you a rewarding career and success in all walks of life.

Message from Former VICE CHANCELLOR- AKTU Lucknow

माननीय अभिभावकगण,

सुन्दरदीप ग्रुप ऑफ इन्स्टीट्यूशन्स देश का एक श्रेष्ठ संस्थान है जहां युवाओं को सक्षम बनाना ही प्रमुख उद्देश्य है, संस्थान के प्रबंधन का व सभी शिक्षकों तथा सपोर्ट स्टाफ का। पिछले पन्द्रह वर्षों से संस्थान के विभिन्न प्रोग्राम में यहां के छात्र विश्वविद्यालय में टॉप करते रहे हैं। यही एक बात है जो इस प्रांगण में बच्चों को प्रवेश पाने के लिए आकर्षित करती है। मेरा पूर्ण विश्वास है कि आपका बच्चा यहां से पढकर, सीख कर और प्रवीण बनकर अपना भविष्य उज्ज्वल करेगा।

शुभकामनाएं। सादर।

Message from VICE CHAIRMAN, SDGI

Sunder Deep Group of Institutions, embarked its journey towards field of Technical education spurred by a search in the demand for quality engineers who were expected to shape the destiny of contemporary India, homogenize the country's interest and usher in a new millennium with new promises. Now when we have 14 different courses at our campus, I feel privileged to be a part of the India 2020 vision of providing quality education through our Sunder Deep Group of Institutions in Ghaziabad.

"Education is the manifestation of the perfection in man." This is the way how education was defined by Swami Vivekanand. In keeping with the same philosophy, we at SDGI strive to inspire students in this direction. At SDGI, we give students the best of facilities backed by adequate infrastructure and operational ambience like state-of-the-art laboratories, highly experienced teachers and other learning resources. Success comes to those who work hard but stays with those who do not rest on the laurels of the past. I personally look forward to integrate my experience over the years in industry and research into the learning system. We try to direct the collective efforts of the faculty to build a comprehensive methodology which encompasses education for stimulating mind of the students in such a way that they endeavor to be responsible citizens of their country.

AKHIL AGGARWAL

Message from The Director General Desk

Respected Parents

I want to congratulate you for ensuring that your children finished school. It is an important achievement. However, the journey is not complete. In today's day and age, college education is more important.

Nelson Mandela called education, 'the most powerful weapon to change the world'. In order to hone 'the weapon', we need higher education. Often children make the wrong choice of not finishing higher education after school. As parents it is our duty to ensure that we guide our children in the right direction.

Higher education is a passport to a brighter future for us, our families, our society and our nation. At Sunderdeep Group of Institutions (SDGI), we believe in a holistic education approach that goes beyond text books. On top of technical skills, we pride ourselves in nurturing our students' attitudes and behavior towards becoming productive members of society.

I need your cooperation, as parents, that you ensure that your children attend all classes. In return, we promise that we will give back a DIP student i.e. a Disciplined Intelligent Professional student. We believe education is something that should remain with us for all our lives even after we forget what we have learnt in our class. Through this philosophy, we will ensure that our next generation learns to live in a higher orbit of consciousness.

Regards

Jamil Ahmad

Modern Library

An enriched library with latest books, journals, magazines and periodicals has become a centre of attraction for students. This fully functional library is presently housing more than 75000 latest books on technical, management and related subjects as well as 60 national/international journals. This helps students and faculty to keep updated with the latest developments. The different sections of library have been fully automated through e-institute management system. The online web journal facility is also available to provide access to abstracts and full text versions of major national and international journals in the field of engineering, medicine, management, hospitality, architecture, law & information technology.

Computer Centre

SDGI is committed to render extensive computing resources for a strong academic environment for research and education. We provide fully integrated and well equipped laboratories in the field of Artificial Intelligence, Data Science, Internet of Things, Cloud Computing and Mobile Application Development. We have more than 1000 high-performance computers. In addition to general-purpose file server, the institute maintains eight specialized servers for database clients, Linux based workstations and Cloud storage. The network communications include a fiber-optic backbone, offering high-speed bandwidth to provide Wi-Fi on campus. Our objective is to promote research to bring the benefits of the technological revolution to the society.

Transportation Facilities

SGDI has its own fleet of buses to cater to the transportation needs of its students & staff. These buses ply to every corner of the city. The transportation facility is also available from Delhi, Noida, Greater-Noida & Hapur at subsidized fare.

Cafeteria – Rendezvous

This is the place to rejuvenate the tired spirits through lip smacking delicacies. The cafeteria provides much needed appetizer breaks in a cozy atmosphere. The cafeteria services are available round the clock at reasonable prices with smile.

Sports Facilities

At SDGI students benefit from a range of excellent, up-to-date sport facilities including two full size cricket pitches are available with sports grounds for Basketball, Badminton & Football. Seperate gym for girls and boys are available. SDGI also organizes sports events on regular basis. The students of SDGI also participate in various inter-college, inter-university level sports meets. Shortly SDGI will come up with state of art infrastructure for sports complex as we strive to recognize & honor the drive of young students for opportunities in sports.

Medical Facilities

SDGI has a tie up with a reputed hospital, which is in close proximity to the group. A team of qualified Doctors is available to provide regular and intensive medical care to our students. SDGI also offers health insurance policy to its students. An emergency mobile van is also available round the clock to ensure timely healthcare to the resident students. A well qualified doctor is always available in the dispensary.

Finding the right path to success at the right time is really very important and for that way I had selected SDPC. The friendly environment, the systematic approach towards imparting education at SDPC made me a competent individual. The wide range of activities- both curricular and co-curricular- along and the support from SDPC is really very helpful for my future. The faculties are really very kind and approachable when any need arises. In SDPC we are trained for our placements and because of that I was placed in one of the reputed companies for my internship. Today, if I am in good position it's because of what I have learnt from SDPC. Lastly I am really proud to be an SDPC.

I whole heartedly share that Sunder Deep Pharmacy College has provided me a wonderful environment and opportunity to learn and grow myself academically as well as to secure a place in the corporate world with its best placement services. The faculties always motivated me to empower myself and were very friendly, enthusiastic, helpful, encouraging, and supportive. Four years at SDPC were the best years concerning learning, experience and gaining exposure to field relevant to my discipline.

After completing 3.6 years in a Pharmaceutical and Medical IVD (In-Vitro Diagnostic) Industry, I realized the importance of doing Bachelor Programme at a recognized institute. There are times when you realize your theoretical knowledge is just not enough to suffice the needs of today's on growing medical industry, your interpersonal and management skills are needed for professional growth and that's where your academic institute plays a significant role ! Thanks to SDPC for shaping and sharpening us into a better professionals. SDPC faculty has taught me that if you are confident, resourceful and sincere at your work, there are opportunities waiting for you! SDPC has got me closer to my dreams!

Student Speak

At SDGI I have lived the best days of my life. I would always be grateful to SDGI for giving me multi dimensional learning by providing the mix of academics, industry exposure, attitude and leadership. The professors are all dedicated experts and helpful in their respective subjects.

The experience here turned me to a more curious and achieving person. I will always cherish the feeling of studying at an institute which focused on career enhancements along with overall skill development. I will always remain your student. Thank you SDGI once again for being my best memory.

Words are powerless to express my gratitude to SDCA. I am thankful to the institution for providing me with lifelong mentors who I know I could always go to at any point in my career and for opening doors to so many opportunities for setting me up for success. Studying in SDCA has provided me with tremendous opportunities from presenting my undergraduate thesis at a national level platform to pursuing my higher studies in an institute of National importance.

SDCA will always be an integral part of my life in carving out my professional career as well as giving life lesson "learning never ends". It has been an impeccable journey of 5 years of skill development with efficient resources, workshops, seminars provided along with lectures and personal guidance by our supportive faculties which has helped us to develop our creativity, intellectual competence, interpersonal skills, entrepreneurial knowledge and leadership quality. Students here are nurtured to be responsible and humane professionals who continuously strive to contribute for development of our society.

My experience at SDCA has taught me one fundamental thing – life is unpredictable. It might be good, it might be bad, it might be weird, and it might not interest you, but expect anything to happen. College life prepares us for all of this. It is a perfect blend of joy and hardships. SDCA has provided me various opportunities. It was a golden time spent in SDCA, understanding and hardworking facilities always standing with their students, motivating them, helping them and what not. SDCA family will always be missed.
